Our promise at TBA is to serve as “Your Insurance Support Team”

We are problem solvers; meaning that when you ask us a question or have a client’s insurance or risk management need to solve, we are responsive, attentive, and always follow-through. We are known not just for our knowledge and technical expertise, but for our honest, straight-forward and personal approach. We are available when you need us and are an extension of your team.

A Letter from the President

As a successful advisor you approach insurance from a unique perspective, because each of your clients’ needs are different. Protecting clients has been the mission of TBA since its inception in 1959. What this means to you and your clients is that you are working with an insurance firm that is built on character and a legacy of serving others. We step up to the plate when it comes to helping people and consider it a privilege to be a part of protecting your clients’ lives, families, and businesses.

While much has changed in the distribution of life insurance since then, the fact that families and businesses need protection against the unexpected has not. Working with TBA will position you as the trusted advisor that prospective clients turn to when important decisions are necessary.

Please let me know if there is anything we can do to help you succeed.

Sincerely,

John W. Felton, IV
President

Resources for Your Practice

The image shows a screenshot of a '1 Page Multi-Carrier Application' form, titled 'Request for Life Insurance - 101'. The form is divided into several sections: 'APPLICANT INFORMATION', 'PROPOSED POLICY INFORMATION', 'BENEFICIARY INFORMATION', 'OWNERSHIP INFORMATION (IF APPLICABLE)', 'FINANCIAL INFORMATION', 'EXISTING COVERAGE', and 'ADDITIONAL INFORMATION'. Each section contains various fields for personal and financial data, such as name, date of birth, address, income, and existing insurance policies. At the bottom, there is a section for 'APPLICANT SIGNATURE' and 'AGENT SIGNATURE'. A small note at the bottom states: 'Please email completed form to app@tba.com or fax to (800) 558-1577. Coverage cannot be issued until the 1 Page Application process.' A small asterisk note at the bottom left says: '*Applicants must have earned to qualify for the 1 Page Application process.'

1 Page Multi-Carrier App

Our one-page multi-carrier app makes it easier for advisors to submit their insurance applications. It takes much of the administrative burden out of your hands and places it into the carriers' hands. Once you submit the app to us, we will interview the applicant, complete the application, and set up any applicable medical exams. Your client still provides all the answers, but you have effectively outsourced the application completion to us, which reduces errors and helps expedite the process.

Policy Review

Did you know that more than 60% of people that own life insurance have no idea what they own and how it works? By offering life insurance reviews to your clients you can provide a value-add service to them that will help them understand what they have and potentially uncover new opportunities.

VIVE

We're happy to be able to offer our advisor access to VIVE, the new way to write term business easier and faster. This fully online system allows you to quote, submit and place business from one easy to use dashboard.

SalesLink

We can create an easy to use Life Insurance Term Policy Quoter tool that can be easily linked and also embedded into your website. Plus, we'll create marketing materials that provide consistent traffic to your quoter, and we can even send the emails and post to social media for you. Contact Morgan - mmynatt@tba.com - for a quick demo.
